<p>LOCATION Our house, Maison Bonne La Vie, is a traditional, spacious house about 150 years old. It is located in a picture postcard village on the border of two departments, the Hautes Pyrenees (the High Pyrenees) and the Gers, also known as the Tuscany of France. Our village, although small, does have the benefit of having a lovely, shallow river flowing through it, of having a 12th century church and abbey with exhibitions and concerts as well as a bistro. Our village has also had the benefit of having the tour de France ride through it. The Hautes Pyrenees has much to offer, including walking, cycling, swimming, horse-riding and in winter, the closest ski station is only 1.5 hours away. The Gers has vineyards, markets, historic towns, golf courses and of course, both departments have their own, lovely, countryside and distinctive architecture.</p>		<p>QUALIFICATIONS CELTA - (Cambridge English Language Teaching Certificate Adults) CIDTT (Cambridge International Diploma for Teachers and Trainers) B.A. English Literature Diploma in Marketing M.A. (Hons) first class German Language and Literature</p>
